SECTION 3: SERVICE PROGRAM

LET US DO THE WORRYING FOR YOU!

To ensure that your Environmental Duty of Care is met Absorb Environmental Solutions has a complete maintenance service for your environmental Spill Response Equipment.

WHAT DOES THE SERVICE INCLUDE?

Agreed Frequency Spill Kit Inspections.
 Kits are cleaned and re-stocked on the spot.
 You receive a written Inspection Report on the condition of each Kit.
 All Kit Inspections are Dated and Recorded on the Kit itself.
 Emergency Re-stock available on a 24 Hour Basis.

WHAT ARE THE BENEFITS TO YOU?

1. You are fulfilling your Environmental Duty of Care without costing valuable time.
2. Kits are re-stocked without delay ensuring full protection for your business.
3. You pay no freight cost on the Re-stock Items reducing your absorbent costs.
4. The serviceability and appearance of the Kits is maintained at optimum levels.
5. Full Back-up is available from our professionally qualified staff.
6. Complete Records of Spill Kit condition are provided to you.
